

WRAP GLUE APPLICATOR

APPLY NATURAL ADHESIVE TO WRAPS FOR A STRONG SEAL AFTER ASSEMBLY

COMMON FOOD APPLICATIONS

Wraps

The Wrap Glue Applicator applies a liquid natural adhesive to tortilla wraps, allowing for a strong seal after the sandwich assembly process. Simply manually feed wraps into the machine in one or two lanes, and a strip of adhesive is deposited and applied to the inside edge of the wrap by rollers. Batch counting and line speed of the wrap transferring to assembly conveyor make the Wrap Glue Applicator a perfect fit for the start of your wrap production line.

- Apply adhesive on up to 40 12-inch wraps per minute, per lane
- Manually feed wraps into the machine, where a roller applies natural adhesive then transfers the wrap to the main assembly conveyor
- Easy-to-use touch screen controls to adjust speed, counts and deposit weight
- Sanitary design with easily removable parts allows for quick, thorough cleaning and maintenance

WRAP GLUE APPLICATOR

SPECIFICATIONS

Product Size: up to 12"
(304 mm) diameter

Product Thickness: up to 4 mm

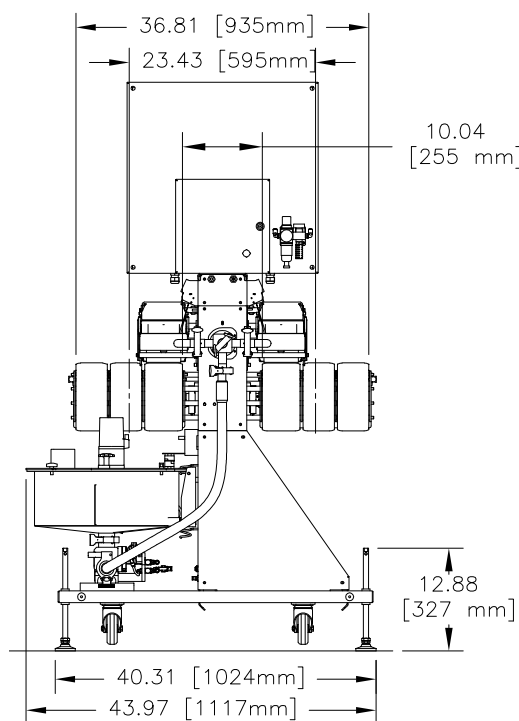

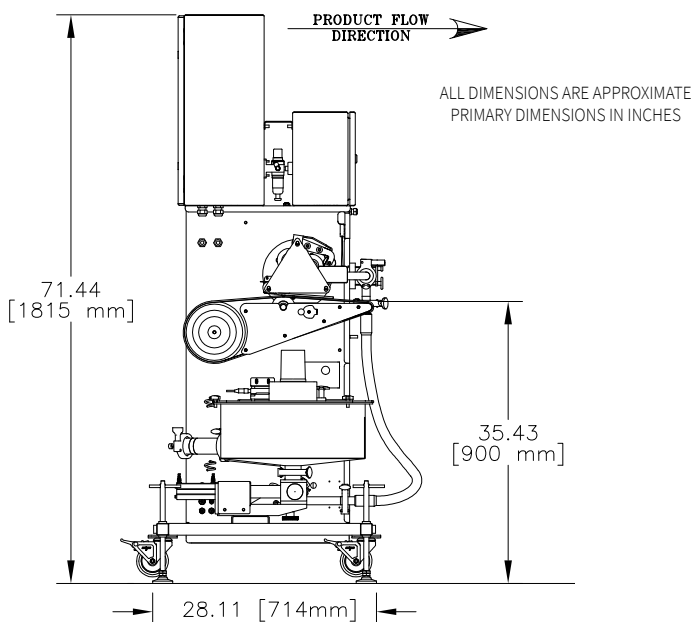

Adhesive Deposit: 2-10 g

Pneumatic: 60 psi

Electrical: 415 VAC, 50 Hz, 3 Phase

FEATURES/PARTS

- Single and two-lane configuration available
- PLC with Color PMI controls standard (Mitsubishi or Allen Bradley available)
- Liquid Adhesive Reservoir Tank
- Sanitary design with many washdown-rated components
