The Slicer/Applicator slices and applies a wide range of products directly onto your processing lines with precise targeting. It tailors to your operation with its cantilevered design, adjustable functions, and available multiple heads, lane configurations and left- or right-hand frame. Its user-friendly operation and sanitation allow for fast set-up, function selection and thorough cleaning. Its versatility and high quality slicing make it an essential piece for your operation.

- Slice and apply or bulk slice up to 150 strokes per minute, per lane; stack and shingle up to 120 strokes per minute, per lane
- Cantilevered design allows you to set directly over your production line and customize height and frame orientation to tailor exactly to your specific operation. Heavy duty casters make it simple to move.
- Easy-to-use touch screen controls to adjust speed, modes and slice thickness, spacing, arrangement and counts
- Continuous product loading reduces downtime and increases output
- Sanitary design with easily removable parts allows for quick and thorough cleaning
- Disposable AccuBand® band blades provide optimal slice quality, consistency and yield while eliminating resharpening and simplifying clean-up
Grote Company is proud to provide top quality equipment, exceptional service and peace of mind worldwide. Contact us for more information or to schedule a demo of the Slicer/Applicator with your product in your exact operating conditions in our Demo Facility.

**SLICER/APPLICATOR**

**SPECIFICATIONS**

- Product Size: up to 6” (152.4 mm) diameter
- Slicing Zone: 22", 30” or 40” wide
- Slice Thickness: up to .5” (12.7 mm) standard, up to 1.5” (38.1 mm) optional
- Electrical: 200-575 VAC, 50/60 Hz, 3 Phase
- Water: 40-100 PSI (required with some products)

**FEATURES/PARTS**

- AccuBand blades and blade guides
- Multiple head and lane configurations available
- Custom product holders per application
- Target and Bulk Slice modes
- Cantilevered design and left- or right-hand frame orientation
- Gravity feed

**OPTIONS**

- 522E, 530E and 640E models available
- Electronic thickness adjust
