

SERVO DEPOSITOR

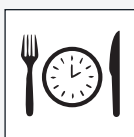

FAST, FLEXIBLE LIQUID TO PARTICULATE DEPOSITING
FOR SANDWICHES AND MORE

COMMON FOOD APPLICATIONS

Sandwiches

Prepared Foods

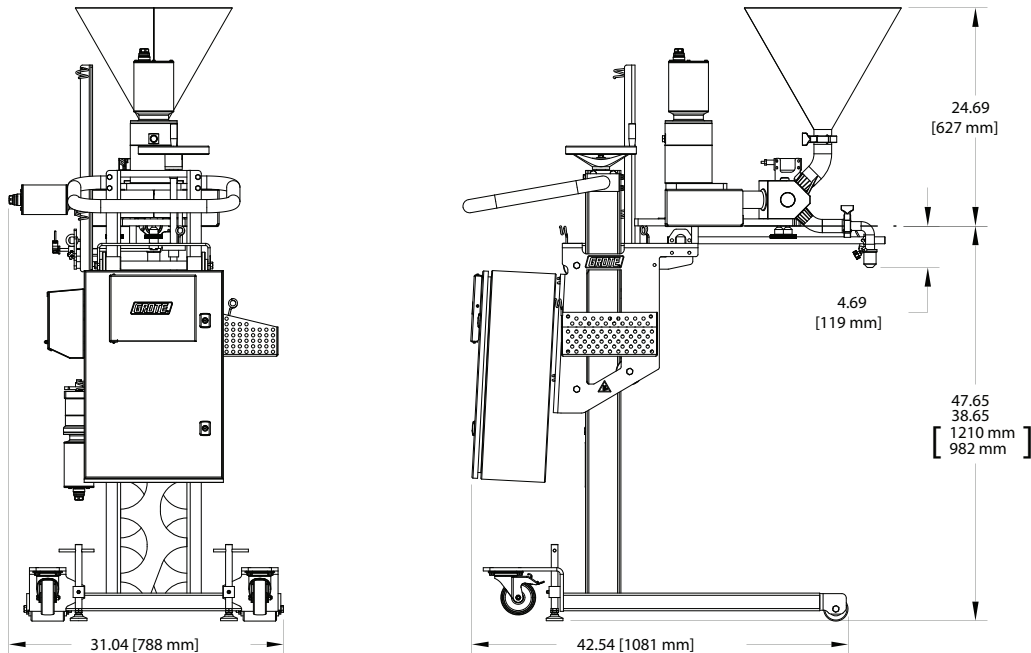

Bakery

The Servo Depositor deposits virtually all types of liquid, semi-liquid, and particulate condiments and wet salads on your prepared food lines. Deposit weight and length are automatically adjusted for product differences and changeouts. It's available in different models, configurations, and with a range of depositing heads/ accessories to customize for your exact applications. The Servo Depositor ensures you get accurate, consistent deposits at a higher rate.

- Servo actuator provides precise volume and placement control
- Deposit rates up to 100 per minute per head with minimal gaps between products
- HMI weight and length adjustments for utmost flexibility and ease of use
- Configured to meet your specific application – with a variety of hoppers, nozzles and heads available
- Sanitary design with airless operation and tool-free disassembly allows for easy, quick and thorough washdown and maintenance
